| YMCA Trauma & Recovery Svc (38BVC3), 3 / 3 | 100.0% |
| YMCA Urban Svc IHBS-EPSDT (38BV4), 1 / 1 | 100.0% |

Note: This report compares a matched pair of CANS for each child/youth; the most recent CANS matched to next most recent CANS within an episode. The most recent CANS occurred 7/1/2021 - 9/30/2021. Items used are those of the Strengths domain. "Number maintained and/or developed" means (a) number of children/youth episodes for which at least two useful or centerpiece strengths were maintained (rated as either a 0 or 1 on both the most recent and the next most recent CANS), or (b) number of children/youth episodes for which at least two useful or centerpiece strengths were developed (rated as 0 or 1 on the most recent CANS and as 2 or 3 on the next most recent), or (c) number of children/youth episodes for which at least one useful or centerpiece strength was developed and at least one useful or centerpiece strength was maintained. The number of points the program will receive on the BOCC monitoring report is based on the percent of children/youth episodes that achieve this maintenance/development benchmark as follows:

| % of Clients Achieving the CANS Benchmark | Points |
|---|--------|
| 90-100% | 5 |
| 80-89% | 4 |
| 70-79% | 3 |
| 60-69% | 2 |
| 50-59% | 1 |
| <50% | 0 |

Based on CANS pairs from data queried on November 17, 2021.
