# HCSMP OVERVIEW

# Background

4

- San Francisco Ordinance No. 300-10
- Sponsored by Supervisor David Campos
- Effective January 2011

# Purpose

5

The HCSMP will guide land use decisions for certain health care-related projects in San Francisco by:

- Identifying the current and projected needs for health care services in San Francisco.
- Recommending how to achieve and maintain an appropriate distribution of health care services in San Francisco with a focus on access.

# HCSMP Users

6

- Planning Department: Will use to HCSMP make land use decisions for “medical use” projects.
- San Francisco Department of Public Health + Other Health Care Stakeholders: Will use HCSMP for planning purposes.
- Mayor + Board of Supervisors: Will use HCSMP to understand San Francisco’s health needs and priorities.

# Requirements

7

- Assessments
  - Health System Trends Assessment
  - Capacity Assessment
  - Land Use Assessment
  - Gap Assessment
  - Historical Role Assessment
- Recommendations

# Application

8

Certain land use applications must be compared against the HCSMP to proceed. These applications:

- Are **medical use** projects as defined by the San Francisco Planning Code and San Francisco Ordinance No. 300-10.
- Meet certain **size thresholds**.

The process of deciding whether an application adheres to the HCSMP is called a **Consistency Determination**.

# HCSMP “Medical Use” Definition

9

## □ Medical Use Examples

- Offices of health care professionals (e.g., doctors, dentists, chiropractors) licensed by State Board
- Outpatient medical/psychiatric clinics
- Hospitals and medical centers

## □ Non-Medical Use Examples

- Massage therapists
- Housing operated by a medical provider
- Pharmacies

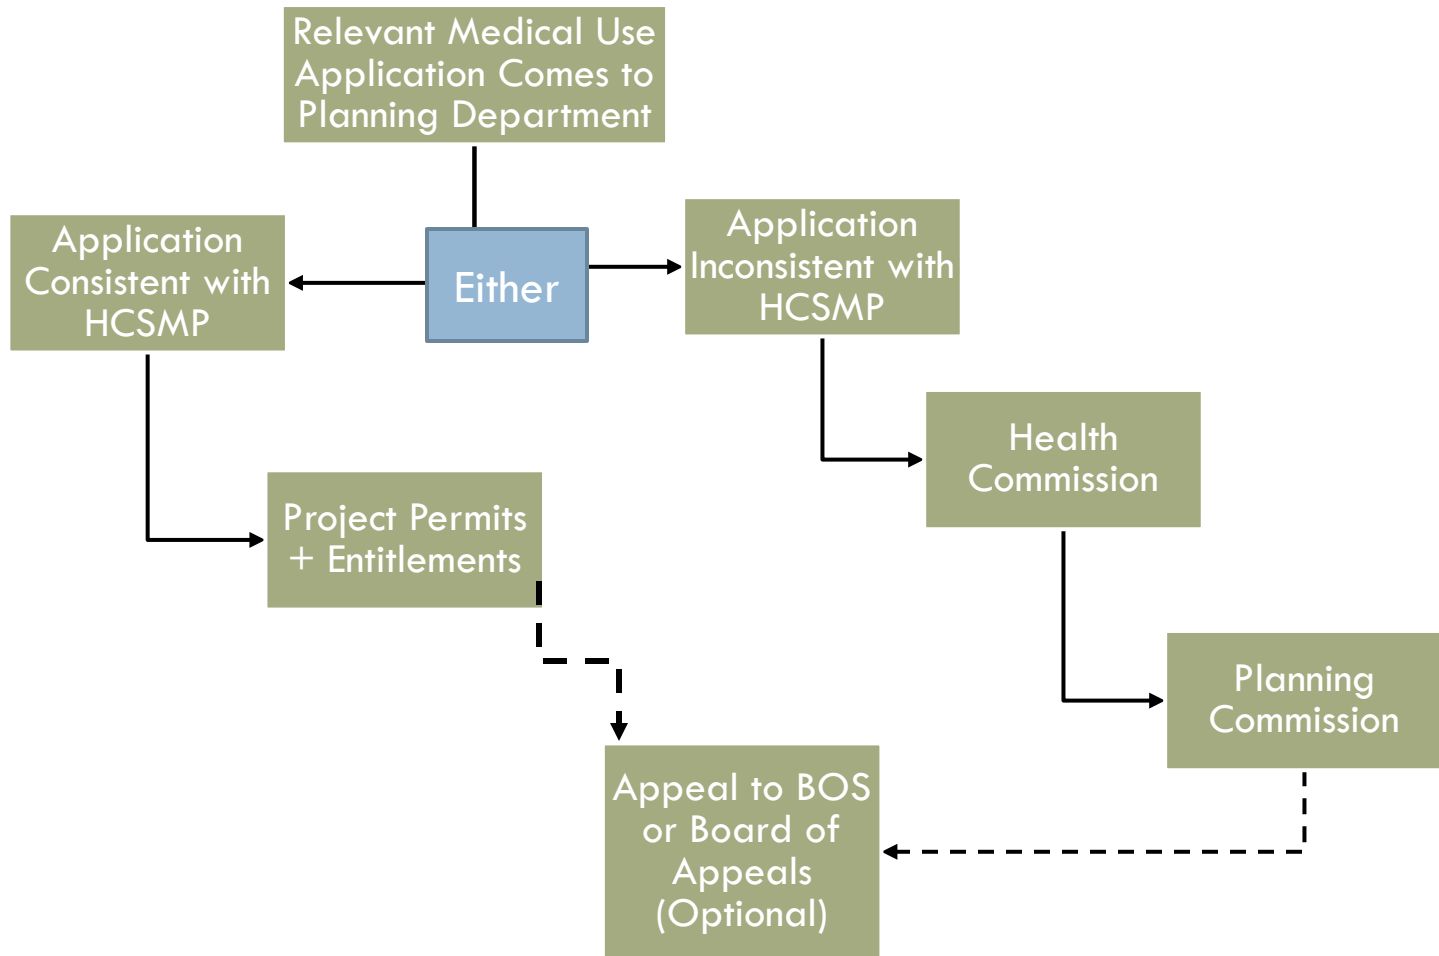

# HCSMP Size Thresholds

10

- Any **change of use** from a non-medical use (e.g., commercial) to a medical use that would take up 10,000 gross square feet or more.
- Any **expansion** of an existing medical use by 5,000 gross square feet or more.

# HCSMP TASK FORCE

# Overview

14

The HCSMP Task Force is an **advisory** body that will focus on **access** to health care services with a particular emphasis on **underserved populations**.

- Co-Chairs: Ms. Roma Guy + Dr. Tomás Aragón
- 41 members representing the community

# Responsibilities

15

- Participate public meetings between July 2011 – May 2012 (6 mandatory, 4 optional).
- Review data, research, and analysis.
- Contribute expertise.
- Engage community and listen to public comment.
- Develop community-informed recommendations for SFDPH consideration.

# Summary of Guiding Principles

16

- **Health care is a human right.** Strive to eliminate health inequities and disparities.
- Keep discussions transparent and informed by data.
- Approach the HCSMP through a lens of cultural competency and consideration for special populations (e.g., multi-diagnosed persons).
- Consider community health impacts – not just individual outcomes.
- Promote health and prevention as well as treatment.
- Consider the role of geography (where we live, where services are) in health outcomes.
- Consider the role of financing in health care services and outcomes.
- Plan with an eye to the future with regard to policy (e.g., Health Reform), health trends, and San Francisco's changing population.
