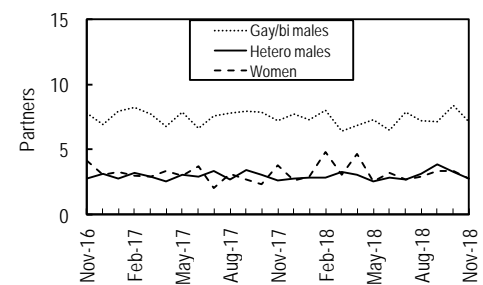

Figure 3. Average number of recent\* sex partners for City Clinic visits by gender and sexual orientation. \*Recall period is 3 months.

## A note of gratitude and happy holiday wishes for our STD provider partners

Thanks to all of you for your commitment to improving the sexual health of San Franciscans through your work.

We appreciate your engagement in issues of STD screening, treatment, and care including partner services; and maximizing opportunities for patients/clients to participate in their own sexual health care.

Happy wishes for the holidays and new year from the STD program and clinical staff of San Francisco City Clinic and the San Francisco Department of Public Health!
